

# Round Robin Riddle

---

PROMPT # 3 - BORDER #2 - CURVES

# Round Robin Riddle

---

This challenge is similar to a Round Robin Quilt. The main difference is that you will not pass the project around to other participants. You make the entire quilt yourself. The riddle is that you won't know the requirements for the next round until the following month. There will be one clue given from February to July. Monthly prompts will task you with adding to your quilt top featuring a specified pattern or motif. You choose to interpret each round however you want - following a traditional style (medallion/row-by-row) or making a modern- or art quilt.

The challenge of the Lone Robin is:

- to respond to what you've already made
- to do this knowing you have no idea what will come next.

Even if you're making a traditional quilt, this is really an adventure in improvisation. Have fun!

Projects are due at the November meeting.

# April Prompt #3 – Second Border - Curves

---

Spring is here. Think of vines, leaves, blossoms and blooms – or even water and waves. Anything with curves rather than right-angles. Set aside your ruler this month and let this round unfold organically.

## *ONE RULE:*

*Whatever you make in one month must connect to the work from the month before.*

# Curvy Border Ideas

# Design Tips

---

- >Think unity and repetition. What colors, pattern, or shapes can you repeat or modify to help the pieces of your medallion come together?
- >Middle borders are a good place to add color. Pick a color from you center block and expand on it by adding a different value or shade. (e.g., if you used lavender add a dark purple or violet).
- >Some “square” quilt patterns can provide the illusion of curves. (Think: Storm at Sea, Log Cabin, Snail’s Trail, Kaleidoscope.)
- >You could put a “floating” border in and add curved quilting with a feather or vine motif.
