Sesquicentennial Quilt Update!

Several of us met on July 10th at the Glass Thimble to assemble the quilt top — it is beautiful. Thanks to all who made blocks and helped with the assembly. I know some of the blocks were trying for some of you but they look super — thank you for stepping up to help. We would like to have a contest to name our quilt so put your thinking caps on. We will collect the names at the July picnic and take a vote on the favorite. If you are unable to attend the picnic and would like to submit a name please email it to me at rkwethe@attglobal.net.

Workshop Committee Report

The Workshop Committee Chair has been hard at work trying to come up with some fabulous workshops for the Westerville Quilt Guild members - and now there are actually three possibilities. The first will be in the beginning of 2008, the second closer to the summer, and the third is going to be for 2009 if we still want that one.

For the first workshop we'll take over one of the meetings early in 2008 and Gail Wadley will present her "Memory Quilt" class in a "lecture/demo" instead of a hands-on format. We decided to do it this way because after taking the class at NQA this summer and even meeting with her at OSU to get a "head start" on the photos because there were too many people in the class - it still was too much to do in one workshop. So she'll give us all the details about preparing our photos on the computer, some software tips, and things like that; then she'll show us how to print them out using the great new Electric Quilt fabric that is available (we'll have some for you to purchase at the meeting). Then you can take home some of the fabric and do it yourself at home - OR those that are interested can sign up and we'll have Gail come back on a Saturday and show us her patterns/layouts for the "Memory Quilts" from the class at NQA and we can complete the projects in a workshop. The most important thing will be to already have your photos printed and processed before coming to the completion workshop. And - if you don't have a computer you can "buddy up" with someone that does if you want to make one of the quilts - most of the stores that develop photos will put them onto a CD for you and you'll

collector and "expert" on toy sewing machines will share his knowledge with us informally on Friday night - we'll have some refreshments along with the lecture which will be open to everyone. Then on Saturday, Norma will be giving her "Triplets" workshop - there will be a sign-up for this and a limited class size depending upon the location. The "Triplets" are three Trip-Around-the-World Quilts that you will be making using Norma's fabulously easy strip-piecing method. She's a great teacher and really fun, and I am very excited to have her come and teach...she's usually with her best buddy Mimi Dietrich (the Baltimore Album Queen) at Quilt Odyssey every year - that's where I met her over 6 years ago!

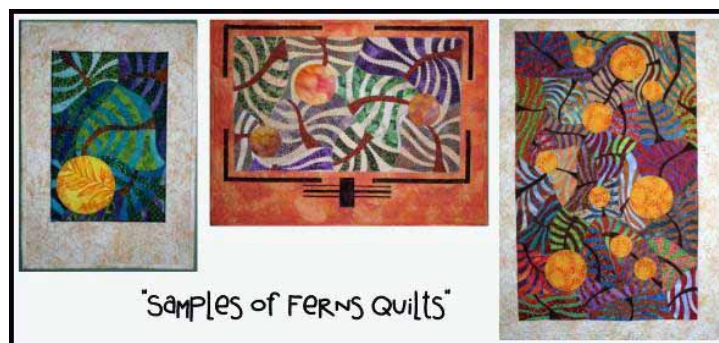

Gail Wadley's "Memory Quilt"

The third choice is the one that won the votes from the online survey - Mickey DePre's "Fabulous Ferns." She is booked up until 2009 - so she must be popular. Her workshop is going to be very expensive relative to the other two because we'll have to pay airfare, hotel, and meals for her since she's from Illinois. So we will probably have to charge a bit more for this workshop than for the others, but it was very popular and it isn't a sewing class - so we can get more people in because we don't need space for sewing machines - just ironing and cutting. I have to come up with some dates and figure pricing on this one before I finalize anything.

Norma Campbell's Trip-Around-the-World

If you have other ideas for workshops, or know any teachers please let me know so I can start a "workshop file" for future reference - and for future Workshop Committee Chairs too! Thanks.
