Marilyn Murphy, Presidents-of-the-Month

Good Wives Co, Marion, Ohio

[The Good Wives Co.](#) will be giving two demonstrations tonight — making an apple core quilt using stamps and ink; and making flying geese using the “no math” ruler. There will be items for show and for sale. The Good Wives is a quilt shop located north of Marion, Ohio. They carry fabric that is a sampling of Civil War prints, homespun, paisley and patriotic nature. They boast that they do not carry white fabric. They also feature primitive wares for the home as well as wool projects and rug-hooking

Service Project Sew-Ins

This year one of our service project efforts will be monthly sew-ins at [My Very Own Blanket](#) where Jessica Hollins will host us. She has sewing machines, cutting tables, irons, batting and lots of fabric. You can just bring your nimble fingers if you wish. Each month we plan to make a different kind of project, so we hope you'll not only feel good about doing something for someone else, but you might also learn something new.

At the April 25th and May 23rd sew-ins we'll be working with string blocks. You can bring your own scrappy strings if you wish + 2 extra fabrics for sashing, or you can use My Very Own Blanket fabrics. Those using their own fabrics may either donate the finished quilt to My Very Own Blanket or to any other charity of their choice. You can bring your own machine or use one of the one's at My Very Own Blanket. If you don't want to sew, we can also use people to rotary cut strips & square up blocks or do ironing.

We hope to see you at My Very Own Blanket, 260 East Broadway, Westerville - that's just 1/2 block off of Otterbein Ave. on the north side of the street, a gray building with red trim. We'll be there from 1:00p-5:00p. Come the entire time or just for as long as you can.

Becky Dickson & Aggie Peterson — Service Project Committee

P.S.: We have an idea for another fun, fast charity project for a different group, so stay tuned for more news from us!

Sewing Surplus Sale

It's time to clean out the sewing supplies, de-clutter, and bring them to the Sewing Surplus Sale being held Tuesday, May 25 at the

Westerville Quilt Guild meeting. Your sewing supplies can include items related to quilting, embroidery, knitting, scrapbooking, beading, etc. But please no pots or pans, dishes, etc!

Here are the guidelines:

1. Each person (or group) will have one table to display their items. A chair will be placed at each table.
2. You must sign up at the April meeting if you want to reserve a table to sell your wares. This will be the only opportunity to sign up so plans can be made ahead of time for the room set up.
3. If you will be selling items at the Sewing Surplus Sale you must have your table set up by 6:45 pm the evening of the May meeting. We are checking on trying to provide carts, etc. for transporting your items to and from the meeting room.
4. Please mark your asking price clearly on each item. Each person will be responsible for collecting payment for items and making change for your items - so start saving small bills and change to facilitate this process.

5. The evening of the meeting - a business meeting and show and tell will be conducted before the sale. PLEASE NO SALES BEFORE THE MEETING.

The sale will be concluded at about 8:45 pm to allow time to clear the room by 9 pm.

Thank you and have fun getting rid of those treasures that someone else will treasure. Please contact one of the Sale Committee members if you have any questions.

Quilter's Green Tips

Recommended by
Susan Edwards:

Visit your local landscaping and garden store and check out white landscaping cloth! It's a sheer, polymesh fabric that could be used as a base in art quilts. Netting used to protect trees from hungry birds can be also be used as a base for weaving and embellishing.

The local home improvement stores have painter's drop cloths, which are actually a very large and inexpensive piece of fabric! It's easy to work with and can be painted, stamped, dyed and embellished in any number of ways. Drop cloths look similar to linen, but need very little ironing after laundering. Add some silver washers, black rubber washers, and misc. other 'parts' from the hardware dept., and you would have a very interesting project!

I heard this from two quilt shop owners: 'We've been measuring fabrics as they are coming into the shop and are seeing that A LOT of fabrics are now 42 inches wide; some 41.5 inches! It has been reported that they are going down to 40 inches but of course the price hasn't changed for quilt shop owners!!' So when measuring for a quilt make sure you buy enough fabric! — Susan Edwards
